EXPERIENCE

Web Developer

Cuba's New Wave
December 2016 - Present

- Working with a team of videographers, reporters, designers, and developers to create an interactive documentary website based on our travels to Cuba
- Set up a system that allows the developers to import the reporter's articles from Google Drive and automatically update the website with that content using ArchieML, Node.js, Express, and EJS templates

Associate Web Developer

Heelprint Communications
October 2016 - Present

- Working with a client to design and develop a new website as part of a creative team

General Collections Conservation Student Assistant

Davis Library Preservation Department
May 2014 - September 2016
